

AKER TECHNOLOGY CO., LTD.

Product Line

Features

- Excellent Solderability
- Excellent Vibration Resistance & Shock resistance
- Excellent Thermal Hysteresis
- Low Power Consumption
- RoHS Compliant

Application:

Our broad line of products successfully applied in to numerous electronic solutions such as:

- Automotive Industrial: TPMS, Heads up display and Front camera.
「水晶/TPMS (Tire Pressure Monitoring System=タイヤ空気圧監視システム)」
ご紹介/ご提案可能
- Networking: Routers, Bluetooth, Cloud, Network storage and Wearable.
- Medical: Endoscope.
- Industrial: Metering, POS and IPC.
- Security system: Remote Access, monitoring and control
- Telecommunication: wired, wireless, Cellular, Broadband and radio
- Computer & Peripherals instrumentation
