

Product Name: Canbus car LED lamp

Product Model:

T10-PCB-003Z5050COB

Product Description:

- 1: Type: Canbus car LED lamp
- 2: Socket: PCB
- 3: LED quantity: 2PCS COB LED+1PCS SMD5050 3chips
- 4: Voltage: 12VDC
- 5: Power: 2.1W
- 6: Dimension: 10*22MM
- 7: View Angle: 150°
- 8: Adaptable automobile style: Audi, BMW and other cars have detecting system

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car indicator light, car side light, car single light, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb

Product Name: Canbus COB car led light

Product Model: S85-39-001ZCOB15P

Product Description:

- 1: Type: Canbus COB car led light
- 2: Socket: SV8.5
- 3: LED quantity: 1PCS COB High power LED
- 4: Voltage: 12VDC
- 5: Power: 2W
- 6: Dimension: 15*39MM
- 7: View Angle: 180°

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car lincese light, car reading light, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb

Product Name: T10 New car led light

Product Model: T10-PCB-012Z3528P

Product Description:

- 1: Type: T10 New car led light
- 2: Socket: PCB
- 3: LED quantity: 12PCS SMD35283chips
- 4: Voltage: 12VDC
- 5: Power: 2.1W
- 6: Canbus
- 7: View Angle: 180°
- 8: Adaptable automobile style: Audi, BMW and other cars have detecting system

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car indicator light, car side light, car single light, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb

Product Name: Canbus New car led lamp

Product Model:
T20-B15-048W2835P

Product Description:

- 1: Type: Canbus 3W LED auto error free Bulb
- 2: Socket: BA15D, BAU15S, BAY15D, BA15D, BAZ15D
- 3: LED quantity: 48PCS 2835 1chip
- 4: Voltage: 12VDC
- 5: Power: 3W
- 6: Dimension: 19*48MM
- 7: View Angle: 360°
- 8: Adaptable automobile style: Audi, BMW and other cars have detecting system

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car brake light, car turn light, car backup light, auto lgiht, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb

Product Name: Canbus T10 car LED light

Product Model:
T10-PCB-012Z5730P

Product Description:

- 1: Type: Canbus T10 car LED light
- 2: Socket: PCB
- 3: LED quantity: 12PCS SMD5730 3chips
- 4: Voltage: 12VDC
- 5: Power: 2.1W
- 6: CANBUS
- 7: View Angle: 360°
- 8: Adaptable automobile style: Audi, BMW and other cars have detecting system

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car indicator light, car side light, car single light, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb

Product Name: LED car lighting

Product Model: S85-31-001ZCOB

Product Description:

- 1: Type: LED car lighting
- 2: Socket: SV8.5
- 3: LED quantity: 1PCS COB High power LED
- 4: Voltage: 12VDC
- 5: Power: 1W
- 6: Dimension: 10*31MM
- 7: View Angle: 180°

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car license light, car reading light, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb

Product Name: LED auto light

Product Model:
T10-WG-006Z5730D

Product Description:

- 1: Type: LED auto light
- 2: Socket: Wedge, W5W, T10 194, T10 168, BA9S, BAX9S, BAY9S
- 3: LED quantity: 6PCS SMD5730
- 4: Voltage: 12VDC
- 5: Power: 0.72W
- 6: Dimension: 11*28.5mm
- 7: View Angle: 360°

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Product Name: Festoon LED car lighting

Product Model: S85-36-001ZCOB

Product Description:

- 1: Type: Festoon LED car lighting
- 2: Socket: SV8.5
- 3: LED quantity: 1PCS COB High power LED
- 4: Voltage: 12VDC
- 5: Power: 1W
- 6: Dimension: 10*36MM
- 7: View Angle: 180°

Characteristics:

1. PRO-environment, energy conservation;
2. Shockproof, impact-proof;
3. Pure color, beautiful appearance;
4. Longer life, The average life expectancy is 50000 hours;
5. High speed reaction, it can shineing in microsecond;
6. High quality of light ray, no radiation
7. Easy for install.

Usage: Used in car lincese light, car reading light, car LED lamp, Automotive LED light, automotive LED lighting, auto LED lamp, LED auto lamp, LED car bulb, LED car lamp, car LED bulb, car LED lighting, LED bulb light, LED car light, Car LED Light Bulb
